SUPRA EKEY MISINFORMATION LAID TO REST

Supra eKey on Phones
You CAN Open Keyboxes
Everywhere!!!

What we've heard people say..."I don't want to put the Supra eKey on my phone

because I don't always have good cell service so I won't be able to open keyboxes up the canyon and other places." - This is incorrect.

THIS IS THE CORRECT INFORMATION - The eKey on your phone can open a keybox even in a cave a mile deep because the eKey and the keybox speak to each other with Bluetooth technology and **they do not use any cell service to communicate with each other.**

The ONLY reason you need cell service for the eKey is to update it. Android apps update automatically overnight. With iPhones, just make sure that you open the app on your phone (this updates it) before you leave the house in the morning and you'll be good to go for the day. Then you'll be able to open keyboxes everywhere.

To make an appointment to switch from your ActiveKEY to an eKEY call Kaylie at 928-282-5409 or email Kaylie@svvar.com! The cost difference is only about a 92 cents a month more for the eKey. But if you currently pay for ActiveKEY Insurance (\$40 / year) you'll actually save \$28.96 per year with the eKEY.

Just for clarification, this photo shows an ActiveKEY.

A Supra Key on your phone is called an eKEY.
