INSTRUCTOR

Jimmy Vercellino

At the age of 18, Jimmy made the decision to defend our country.

Jimmy is now a proud veteran of the United States Marine Corps and Operation Iraqi Freedom. He is also one of the top VA Home Loan mortgage originators and has been recognized by Mortgage Executive Magazine as one of the Top 1% of Originators in the country, and ranked 5th in the nation for VA loans.

When military staff and their families relocate, the services of a real estate professional who understands their needs and timetables make the transfer easier, faster and less stressful. The Military Relocation Professionals (MRP) certification course teaches you about working with current and former military service members, understanding their "lingo" and how to best serve them in this niche market and win future referrals.

1 DAY CLASS FOCUS:

- Gain control of the process through setting expectations upfront.
- Turn difficult discussions into opportunities to add value.
- Correctly identify military acronyms and use them correctly.
- Understanding the VA benefits, eligibility and the VA loan process.
- Offering services to benefit the whole family during the time of transition and after the close of escrow.
